

This project should have:

- 2 ipynb code file,

To run code all files, you should be located in the same folder.

Code File:

- ece232e_project1_part1.ipynb
- ece232e_project1_part2.ipynb

The file directory should be the same as this one:

project1/

```
|— ece232e_project1_part1.ipynb
|— ece232e_project1_part2.ipynb
```

When you finish the preparation, you can run jupyter notebook in the current directory to start running the ece232e_project1_part1.ipynb and ece232e_project1_part2.ipynb file.
